BRUCE RAUNER
GOVERNOR

Greetings!

As Governor of this great state, I welcome you to the 2016 Illinois State Fair! Over the next 10 days we will celebrate the very best our state has to offer.

I want to take a moment to thank you for your involvement in Illinois agriculture. Agriculture is the backbone of our state's economy and a staple of our community life. It is a billion-dollar industry in Illinois, and a proud tradition that the young men and women competing here today will inherit. The experience and knowledge you gain from raising champion livestock here at the Illinois State Fair will help shape your future, and in turn, our state's future.

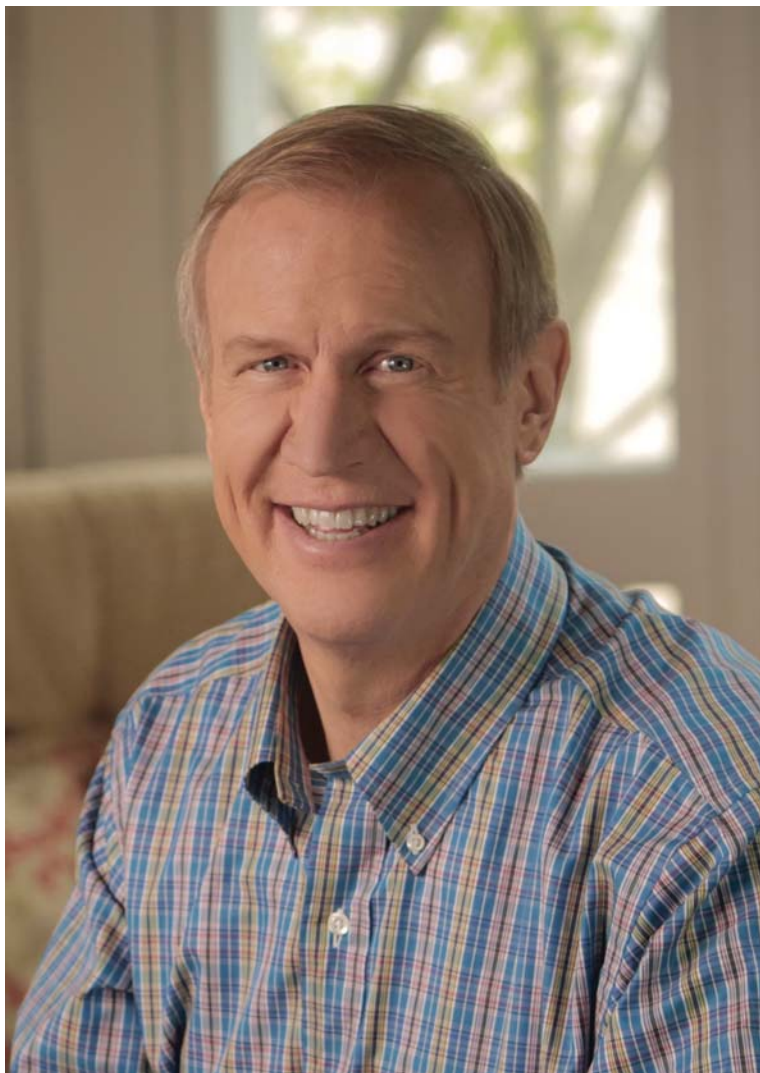

I first learned the value and lessons of agriculture from my grandfather, who raised dairy cattle. At a young age he taught me how to milk a cow, ride a horse and shoot a rifle. Even more importantly, he taught me that through hard work and dedication you can accomplish anything you set out to do.

During your time here at the Illinois State Fair, while I'm sure you will make plenty of life-long memories, I hope you will also take a moment to learn something new about agriculture. Learn something new every day so you can help us educate the public about the importance of our state's number one industry. And have fun.

Best of luck to one and all at this year's Illinois State Fair.

Dear Exhibitor:

Welcome to the 2016 Illinois State Fair.

The fairgrounds are a second home to me, and so I am pleased to welcome you to the fairgrounds in Springfield. I like to tell people I've probably had every job on the fairgrounds. From scooping manure to selling burgers, I have been a part of every Illinois State Fair since 1956. I have fond memories of my experiences at the Illinois State Fair, and now as the head of the Illinois Department of Agriculture, I look forward to helping you create memories of your own.

This year we made great strides in continuing our quest to renew the fair's emphasis on agriculture. Shortly after the 2015 fair, we introduced new junior livestock age requirements that will allow more of Illinois' youth to participate in the competitive events here at the fair. With an active 4-H membership, exhibitors as young as 8 may participate in livestock competitions this year. On the other end, young adults can participate in the junior livestock program until the age of 21 with an active Collegiate FFA or FFA Alumni membership.

I want to thank our partners at FFA, University of Illinois Extension, and the State Fair Advisory Board for their commitment to Illinois agriculture.

Speaking of a commitment to Illinois agriculture, this year's theme is "Producing Our Future."

The next generation of Illinois agriculture is on display here at the Illinois State Fair. These young men and women are our future farmers, ranchers, producers; our next agri-business CEOs; and our next small business owners. I urge all of you to take this opportunity, this agricultural showcase, to share your knowledge about Illinois agriculture. Tell our fairgoers what it takes to raise blue ribbon livestock. Explain to fairgoers what you raise on your farm and how that product gets to the grocery store. Tell everyone you can why Illinois agriculture is important to you, and how this experience is shaping your future.

Thank you for all that you do to make Illinois agriculture what it is today! Together we will continue to forge an industry that our state can be proud of for generations to come.

Sincerely,

A handwritten signature in black ink that reads "Raymond Poe". The signature is fluid and cursive, with the first name being more prominent.

REQUIREMENT 1

ALL EXHIBITORS MUST ABIDE BY THE ADMINISTRATIVE RULES OF THE ILLINOIS STATE FAIR.

PREMISES REGISTRATION NUMBER VOLUNTARY

Premises Registration is voluntary to exhibit livestock (beef, dairy, horses, breeding swine, sheep, goats, poultry and rabbits) at the Illinois State Fair/county fair and mandatory for barrows.

Choosing to register your premises puts you on the frontline of controlling and preventing the spread of animal disease. A disease outbreak can't be predicted but it can impact every segment of animal agriculture. Participation ensures that you have the information you need, when you need it most, to protect your animals and your investment. Registering a premises involves obtaining a seven-character alpha-numeric "identifier" for the farm, ranch veterinary clinic or other site where livestock or fowl are handled, housed, managed or processed.

If an exhibitor wants to register their animals an application form can be found on-line at www.agr.state.il.us/premiseid. Exhibitors who register on-line will receive a premises registration number immediately. An application can also be obtained by calling 217/782-4944. If completing application and returning by mail, it may take up to 4 weeks to receive the number.

We do want to call your attention to the fact that no employee of the Illinois State Fair or member of his/her immediate family is allowed to own or exhibit any animals and/or articles in any competitive event in which he/she is employed (i.e. judge, superintendent, asst. superintendent, etc.). (Immediate Family is defined as the spouse, children, parents, grandchildren, grandparents.)

Department personnel may collect blood, tissue, saliva, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of harvest, to test for the presence of any substances, practices or other adulterants. Any animal tested at the Illinois State Fair is subject to being detained at the expense of the Exhibitor by Fair officials until Fair officials receive final test results. Any type of performance enhancing medication which may include but is not limited to steroids, diuretics, anti-inflammatories, tranquilizers and pain killers are considered a competitive advantage. There is no exception for substances administered off-label pursuant to any legal authority, such as the Animal Medicinal Drug Use Clarification Act of 1994.
- d. Allowable Slaughter Residue Levels (Market Animals): It is a violation if test results indicate the presence of a substance, practice or other adulterant that does not meet allowable pre-harvest and harvest residue levels for market animals.

Disqualification

The Department may disqualify any animal and exhibitor on any grounds including, but not limited to, a positive drug test.

If notified of disqualification, the Exhibitor may request a hearing before an administrative law judge at the Department. Such request must be received by the Department within 7 days of the Exhibitor's receipt of notice of disqualification. Any such hearing must be held within 7 days of the request.

The exhibitor shall not be entitled to retest any samples of urine, blood, tissue, etc. The Department will not maintain any samples.

Disqualification may be based on information obtained after the State Fair, such as testing of tissues after harvest.

The penalty for falsification of entries or records will be the removal of that member from exhibiting in from one to all classes entered in the Department and forfeiture of all premiums and awards. An animal may be disqualified for unethical fitting and grooming practices.

Unsportsmanlike conduct by an exhibitor may be grounds for disqualification by the show management. All exhibitors must abide by the administrative rules of the Illinois State Fair.

If another exhibitor or any member of the public has reason to believe that an animal should be disqualified, he/she must contact the appropriate superintendent and/or State Fair officials and present his/her evidence in writing. Evidence must be filed after official check-in of the animal or within forty eight hours after the show. If, after reviewing the evidence, the State Fair disqualified animal and disqualified exhibitor requests an administrative hearing, the complaining person shall be required to testify under oath at the hearing and present his/her evidence. DIVISION A01 - ABERDEEN ANGUS 2016 ROV Show

Premium offered by Fair\$4,081.00

The American Angus Association, 3201 Frederick Ave., St. Joseph, MO, will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the association's portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head).

Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded mark or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.

Any female shown with calf at side, the calf must be the cow's most recent natural calf and the calf must be registered by show day and have proof of registration at check-in.

Only one person at a time shall lead animals into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus Cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800-810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

JUDGING CRITERIA

1. The objective of these classes is to present an attractive and coordinated "package" entry which will promote the use of wool to both the participants and the viewing public.
2. The type of costume worn (dress, suit, slacks, skirt & sweater, sporty, dress-up, etc.) is optional. Of greater importance is the question: is the garment appropriate for the age and lifestyle (school, business, etc.) of the participant?
3. There is no correct way to lead the ewe. A well-trained animal will respond with little assistance and with the lead strap in either hand of the participant.
4. The use of a blanket on the ewe is optional. If used, it should not cover more than 2/3 of the animal. Excessive ornaments or baubles should not be used.
5. The use of gloves, boots, headware, jewelry and other accessories is also optional, whatever contributes to the overall neatness and attractiveness of the "package".

THE ILLINOIS SOUTHDOWN BREEDERS ASSOCIATION, Rhonda Baer, Carlock, IL, will award \$10 to all participants leading a Southdown and additional \$25 to any class winner

leading a Southdown if they are a member of the Illinois Southdown Breeders. To receive the premium, the participant must notify the Southdown Breeders at this address of their participation and placing prior to Oct. 1 following the Fair.

THE ILLINOIS CHEVIOT BREEDERS ASSOCIATION will award \$25.00 to the highest placing exhibitor who is showing a Cheviot in the Leadline class.

These animals will be released after the show.

Berkshires may arrive after 8 pm Thursday, August 18 and must be in place by 10:00 am Friday, August 19. These animals will be penned in the North end of the barn. Completed entry cards stamped by the State Veterinarian and registration papers must be turned in to the Superintendent's Office by 11:00 am on Friday, August 19. These animals will be released after the sale on Saturday, August 20.

All pens will be on a first come first serve basis. To reserve a pen the animal must be in the pen.

Animals for which health papers are not checked will not be shown.

Exhibitors leaving before release times, premiums will be withheld.

Any correspondence in regard to entries, penning, etc., please write directly to LIVESTOCK ENTRY DEPARTMENT, ILLINOIS STATE FAIR, P.O. BOX 19427, SPRINGFIELD, ILLINOIS 62794 or PHONE 217/782-0786.

Due to limited time and space for the livestock judging, the Open Class and Land of Lincoln are considered as one show and judged at the same time. The only exception will be in Carcass Contest.

1. For purebred entries the name of the exhibitor, as signed on the entry blank, must correspond and be same as on the breed registration papers and all animals must be so registered and transferred in the name of the exhibitor at least 30 days prior to the opening day of the fair.

2. When entering two or more breeds, use a separate entry blank for each breed.

3. For purebred entries, Dec. through Mar. boar and gilt classes: limit of ten (10) entries in each the boar and gilt classes. ON ENTRY BLANK DESIGNATE ONLY THE NUMBER OF DECEMBER THROUGH MARCH BOARS AND GILTS YOU PLAN TO BRING TO THE FAIR. On arrival at fair, exhibitors will be provided entry cards for animals to be shown (for name, registration number, date of birth, etc.) Completed entry cards stamped by the veterinarian and registration papers must be returned to the Superintendent's office by 11:00 am the day BEFORE the respective breed show. Animals for which health papers are not checked will not be shown.

Registration papers for each animal will be checked with entry cards and returned to you.

The entry cards will be held for the purpose of dividing the animals into classes, not over 30 head each with a maximum age spread of 21 days. (Except Mar. pigs, which will be in one class.)

4. All purebred animals entered in the swine department must be registered in the recognized record association of their respective breed in name of exhibitor, partnership or farm name. Any exhibitor not furnishing registration papers will be disqualified from showing.

5. All ear notches must be completely healed and visible. Any animal whose ears show signs of being tampered with will be disqualified. Superintendent's decision will be final on all animals in question.

6. Only those showing hogs (not more than one per animal) and officials of the State Fair will be permitted in the show ring during the course of judging. An exception will be made in senior boar classes and older where not more than two persons per animal will be permitted. No entry will be passed upon by the judge if it fails to comply with this rule. In all Boar Classes, for safety reasons, drivers must be 13 years of age or older.

7. The Illinois State Fair strongly encourages the exhibitors in the boar drives to use show boards. The Illinois State Fair will have boards available to assist exhibitors. However, the swine ring staff employed by the Illinois State Fair will not assist in breaking up boar fights.

8. Class winning purebred gilts and boars are eligible for junior and senior championship drives and will be determined upon the number of classes. Grand Champions will be selected from junior and senior champion animals.

9. Each breed, including crossbreds, must paint brand the boars and gilts by exhibitor number. Each breed association will supply the paint brands and paint for their breed.

10. Each breed must provide an announcer for their show.

11. Class breaks will be at the Superintendent's discretion.

ALL PENS TO BE CLEANED EACH DAY BEFORE 8:00 am. For bedding, wood shavings are to be used.

On the recommendations of the Illinois State Fair Livestock Committee and the State Fire Marshal's Office, the use of "turbo type" fans will NOT be allowed in the Swine Barns due to the amount of electricity they require and the high number of animals in the Swine Buildings.

Please respect the rules and your fellow exhibitors by using fans of less wattage.

We are asking that all exhibitors cooperate in the enforcement of this rule.

All entries eligible for premiums. All barrow entries must be on one entry blank. One need not state weight class when making entry. Indicate total number of barrows to be shown and eligibility for Land of Lincoln. Upon arrival to the fairgrounds, barrow exhibitors must report to the superintendent's office to pick up official barrow cards which are to be completed and

accompany the animal to the scales. Health papers must be checked on all animals shortly after arrival. Animals for which health papers are not checked will not be shown.

1. Barrows must be farrowed on or after **Jan. 15, 2016** except Premiere Barrows that must be farrowed on or after **Feb.. 10, 2016**.

 3. Each exhibitor must fill out a card for each barrow containing the following information: **(a) Full name and complete address of exhibitor ACCURATE AND LEGIBLE SINCE THIS IS USED FOR PAYMENT.** (b) complete, proper identification of barrow (c) class or classes in which barrow is entered. Blank cards will be provided by the carcass committee and can be obtained from the swine Superintendent's office on the State Fairgrounds during the Fair and must be filled out ready to hand in at check-in.
 4. At the check-in for the barrow classes, all barrow weight cards will be turned in. The official weight will determine the class.
 5. Barrows entered in both Junior and Open shows will be checked in only at Junior check in.
 6. All barrows in the Land of Lincoln classes including carcass and premiere must be purebred, Illinois bred, born and owned, exhibited and maintained within the state by a resident of the State of Illinois. A certificate of registry properly completed and signed by the secretary of the national record association of the breed must accompany each barrow to the scales in order to complete the entry. Identification will be checked at that time. There will be no exceptions to this rule and failure to comply will disqualify the animal.

No barrows - single or Premiere - may weigh less than 230 pounds. No barrow - except Premiere (Sub-Section 10) - may weigh more than 300 pounds.** Barrows weighing less then 230 pounds or more than 300 pounds are ineligible to be shown in the single barrow classes.
- At the conclusion of each barrow class, the top 2 premium winning barrows will be re-weighed. Any barrow that varies more than 15 pounds from the pre-show weight will be disqualified. (Example: If the 1st place barrow is disqualified then the 3rd place would move up and be weighed.)
8. Barrows must be completely healed with no scabs on check-in day.
 9. All Premiere barrows will be subject to a contract between the Illinois State Fair and the Packer with the price to be relative to comparable market basis, less a fee that will be deducted from the purchase value to cover carcass depreciation resulting from evaluation procedure.

In addition, if any unidentified barrow dies or is condemned off truck, all exhibitors selling barrows will share equally in the loss.

PORK CARCASS REQUIREMENTS

To be eligible for awards, carcasses must meet the following minimum standards

1. Minimum hot carcass weight of at least 170 lbs.
2. Maximum hot carcass weight of 225 lbs.
3. Minimum of 10th rib fat thickness of 0.50 in.
4. Minimum carcass length of 30.5 in.
5. Maximum loin muscle of 8.0 sq. in. allowed in calculating percent FFL and/or Pounds of Acceptable Standardized Fat-Free Lean Gain per Day on Test.
6. Tenth rib fat depth, length and loin eye area based on hot carcass weight as follows:

HOT CARCASS WEIGHT

	170-179	180-189	190-199	200 & over
--	---------	---------	---------	------------

Tenth rib fat depth, in (max.).....	0.90	1.00	1.10	1.20
Loin eye area, sq. in. (min.).....	5.25	5.50	5.75	6.00

7. The loin muscle is evaluated for color, marbling and firmness. The following scoring system will be used:

Color - NPPC Official Color Standards range from 1.0 (pale pinkish gray to white) to 6.0 (dark purplish red).

Loin muscle color scores of 2.0 or lower and 6.0 are disqualified.

Marbling - NPPC Official Marbling Standards range from 1.0 (1% intramuscular fat) to 10.0 (10% intramuscular fat). Loin muscle marbling score of greater than 6.0 are disqualified.

Firmness/Wetness - A three point scale of assessing wetness and firmness of loin muscle will be utilized: 1 = exudative and soft, 2 = moist and firm, 3 = dry and very firm. Loin muscle firmness and wetness scores of 1 will be disqualified.

8. Pork carcasses that meet the requirements listed above will be ranked by percent fat-free lean (regular carcass show) or pounds of acceptable standardized fat-free lean gain per day on test (premiere carcass show) using the following equations:

A. Regular Carcass Show:

$$\begin{aligned} \text{Pounds of FFL} = & 8.588 - (21.896 \times 10\text{th rib fat depth, in}) + \\ & (3.005 \times 10\text{th rib loin muscle area, sq. in.}) + \\ & (0.465 \times \text{warm carcass wt., lbs.}) \end{aligned}$$

To convert a % FFL, divide by warm carcass weight and multiply by 100.

B. Premiere Carcass Show:

Pounds of Acceptable
Standardized Fat-
Free Lean Gain Per
Day on Test =

$\# = \text{s. of Fat-Free Lean at ending Wt.}$
 $8.588 + 0.465 \times \text{Adj. Carcass Wt., lb.}$
 $-21.896 \times 10\text{th rib Backfat, in.}$
 $+3.005 \times \text{Loin Muscle Area, in.}$

$\# = \text{s. of Fat Free Lean at Initial Wt.}$
 $(0.418 \times \text{Live Wt. lb.}) - 3.650$

(DAYS ON TEST)

9. The committee reserves the right to disqualify any entry driven on-foot that they feel physically unsound. Such barrows will not be allowed entry in the on-rail competition.

10. Premiere carcasses will be placed on the basis of the pounds of lean pork gained per day on test from a healthy, visually sound pig originating from an acceptable production program. This procedure has been recommended by the National Pork Producers Council since 1983. Premiere barrows are automatically nominated for the on-rail carcass class.

BASIS FOR JUDGING HAMS

- General Appearance: 200 points. Hams are graded on eye appeal, conformation, trim and cutability or yield. Scoring for general appearance will be done in two phases allowing up to 100 points for eye appeal, conformation and trim before cutting and 100 points for cutability and yield after cutting.
- Aroma: 150 points. Off or foreign and sour or sharp odors will downgrade the ham and the good mellow aroma that pleases the judge will upgrade it.
- Texture of Cut Surface: 100 points. Excessive moisture is objectionable. The ham should not be too coarse grained. There should not be an excess of fat marbled in the ham.
- Inside Color: 150 points. The color should be uniform and appealing. It should not be too light or too red and bruises would score quite heavily against color. If a ham should be noticeably cooler than the rest of the hams giving it an advantage in color and firmness, this will be considered and graded accordingly.
- Flavor: 400 points. A full half size of ham from the cushion side of the ham will be cooked and taste samples taken. They should not be too salty or too bland, and should have the good mellow flavor expected in a good commercial ham.

BASIS FOR JUDGING BACON

- General Appearance: 150 points. Eye appeal, conformation, and outside color will be the main points considered. Bacon may be skinned or unskinned.
- Fat to Lean (after Cut): 150 points. Lean bacon is very desirable and will be scored accordingly unless it is so lean that it would indicate a poor quality hog, or has been excessively trimmed.
- Aroma: 100 points. Off or sour odors will downgrade the bacon and a good smooth aroma should upgrade it.
- Texture: 100 points. Pumped bacon may be down graded in texture, if it appears to have excess moisture. Temperatures of the bacon should be considered in scoring texture since cooler bacon would be more firm.
- Inside Color: 100 points. Lean should be light red, fat should be white, color should be uniform, bruises will downgrade the bacon.

f. Flavor: 400 points. Flavor should be a full rich flavor that pleases the judge. Not too salty, not too bland and off flavors would downgrade it heavily.

BASIS FOR JUDGING DRIED BEEF

- a. General Appearance: 200 points. Eye appeal, conformation, outside color and cohesiveness of the slices will be main points considered.
- b. Aroma: 150 points. Off or sour odors will downgrade the product and a good smooth aroma should upgrade it.
- c. Texture: 100 points. Excessive moisture and coarseness is objectionable.
- d. Inside Color: 150 points. Color should be uniform and appealing, not two-toned or excessively light.
- e. Flavor: 400 points. Flavor should be a full rich flavor that pleases the judge. Not too salty, not too bland and off flavors would downgrade it heavily.

BASIS FOR JUDGING SNACK STICK

- a. Visual Appearance and Workmanship: 300 points. Uniformity of color, uniformity of shape and lack of defects.
- b. Internal Appearance: 300 points. Uniformity of color, uniformity of texture, fat to lean ratio, and lack of obvious defects.
- c. Palatability: 400 points. Taste, texture/mouth feel.
